(Play this game outside) Place an empty bucket on one side of the yard. Have everyone line up one in front of the other at the empty bucket. At the end of the line, place a container filled with water. Next, give each person a cup. On "Go" the person next to the water container will fill their cup up and lift their cup over their head and dump it into the person behind them's cup. The next person will do the same until the last person received their water and then they will dump it into their empty container. Continue playing until all the water has been passed from the front of the line to the back. Share with the kids that anyone who desires can come and drink the water of life! Give everyone a prize for playing! • "A Fruit Rolling Game!"- Give each person a fruit to roll. Line everyone up on one side of the room. The goal is to roll the fruit to the other side of the room and back again. Play some fun music in the background while rolling the fruit. To make the game more challenging, play multiple rounds with silly instructions for example: Roll the fruit with just your pinkie finger, Roll the fruit with your tongue sticking out, Roll the fruit with one eye shut and Roll the fruit while scooting on your bottom!
